Official Military Personnel File (OMPF)

Effective 1 Sep 08, each active member of the Alabama Army National Guard is required to review their OMPF annually in the interactive Personnel Electronic Records Management System (iPERMS). The Soldier must logon and view the documents using their AKO logon.

It is <u>the individual Soldier's responsibility</u> to review their OMPF in the iPERMS prior to Promotion Boards. It is the Soldier's avenue to ensure that all corrective actions have been submitted and posted.
